Re: EOU-Pierce Library

Todd,

I want you to know that I and Fortis Construction truly appreciate all that you, foreman Sal Marquez and Zavala Corp. have done on this project. It is a pleasure to work with professional, honest and caring people in the completion of our projects.

Zavala's enthusiasm and integrity was well demonstrated by the combination of high-quality work and the acceleration of the project schedule. You understood the importance of working together for the ultimate benefit of the project.

You have met each challenge with a mature attitude that seems hard to find in the subcontractor community these days. As we move forward from this project your excellent performance will not be forgotten. We look forward to working with Zavala on future projects.

Regards,

Neil V. McEachin
